About Us

The EU-GLOBACT Module aims to promote excellence in teaching and research in the field of EU legal studies at the Host Institution (University of Salerno “UNISA”), offering a free, high specialized and interdisciplinary course on the emerging EU global counter-crime policy, relevant for the future professional lives of graduates as well as the specialised training of legal and policy practitioners.

As such, the Module is intended to produce shared research and the exchange of ideas in order to identify successful solutions and examples of best practices in fighting transnational crime that could be replicated by all Member States and worldwide, as well as contribute to the development of legislation and policymaking in compliance with EU values and principles.

To this end, EU-GLOBACT combines teaching projects, research initiatives, and community engagement, adopting a multidisciplinary, gender equality, and non-discrimination approach.
